

Operative Dentistry

- Operative Dentistry
- É um periódico internacional de referência, publicado semestralmente e distribuído para assinantes em mais de 50 países.
- Conta com artigos que englobam estudos nas categorias de: pesquisa clínica, pesquisa laboratorial, técnicas clínicas, apresentações de casos editoriais e resumos.

- Os conteúdos da Operative Dentistry voltados para técnicas clínicas e apresentações de casos têm um tempo de resposta quase imediata, por parte do editor, o que permite uma publicação rápida conceitos clínicos.

A página inicial é dividida em cinco partes:

1. Caixa de pesquisa
2. Área pessoal
3. Acesso a edição atual
4. Informações do *journal*
5. Destaques

The screenshot shows the homepage of the journal 'Operative Dentistry'. It features a search bar at the top left (1), a navigation menu with links for 'ABOUT', 'ISSUES', 'ONLINE EARLY', 'SUBSCRIBE', 'FOR AUTHORS', and 'HELP' (2). The main content area is divided into two columns. The left column (3) displays the 'CURRENT ISSUE' for 'Volume 46, Issue 1' (January/February 2021), including the editor's name (Jeffrey A. Platt), ISSN (1559-2863), and Impact Factor (2.213). The right column (4) contains an 'About this Journal' section, describing it as a refereed, international journal published bi-monthly, with 'Submit an Article' and 'Subscribe' buttons. Below these columns is a 'Latest' section (5) with a table of recent articles. On the right side of the page, there is a 'We thank our 2019 SPONSORS' section listing BISCO, Dentsply Sirona, ivoclar vivadent, and KAVO Kerr.

Latest	Most Read	Most Cited
Three-year Clinical Performance of Two Giomer Restorative Materials in Restorations F Ozer, O Irmak, O Yakymiv, A Mohammed, R Pande, N Saleh, M Blatz		
The Evaluation of Different Treatments of Incipient Caries Lesions: An In Situ Study of Progression Using Fluorescence-based Methods M Diniz, P Campos, M Souza, R Guare, C Cardoso, A Lussi, E Bresciani		
Lack of Neutralization of 10-MDP Primers by Zirconia May Affect the Degree of Conversion of Dual-cure Resin Cement DM De Paula, AD Loguercio, A Reis, S Saurio, AH Alves, PR Picargo, K Yoshikawa, VP Feltosa		
The Potential of a Bioactive, Pre-reacted, Glass-Ionomer Filler Resin Composite to Inhibit the Demineralization of Enamel <i>In Vitro</i> IF Leão, N Araújo, CK Scotti, RFL Mondelli, MM de Amóido Campos Vello, JFS Bombonatti		
Performance of a Universal Bonding System Associated With 2% Digluconate Chlorhexidine in Carious and Eroded Dentin JC Jacomine, M Giacomini, MA Aguilhari, G Zabeu, H Honório, L Wang		

A página de resultados é dividida em duas partes:

1. Barra lateral de refinamento
2. Resultados de pesquisa

The screenshot shows the search results page for the journal 'Operative Dentistry'. The search term is 'diabetes'. The page is divided into two main sections:

- 1. Barra lateral de refinamento (Left Sidebar):** This section allows users to refine their search. It includes a search bar with 'diabetes' entered, a 'Filter' dropdown, and buttons for 'Add term' and 'Update'. Below this are sections for 'Format' (Journal Articles: 35), 'Journal' (Operative Dentistry: 35), 'Article Type' (Research Article: 21, other: 6, Clinical Research: 2, oration: 2, Buonocore Lecture: 1, Clinical Technique: 1, Clinical Technique/Case Report: 1, case report: 1), and 'Date' (Date range selected, Single date). There are also fields for 'From' and 'To' dates in mm/dd/yyyy format, and an 'Apply' button.
- 2. Resultados de pesquisa (Main Results Area):** This section displays the search results. It shows '1-20 of 35 Search Results for diabetes'. The results are sorted by 'Relevancy'. The first result is a 'Full Issue PDF' of 'Operative Dentistry' (2020) 45 (4): 341a-C4, published on 12 August 2020. The abstract discusses the etiology of Molar Incisor Hypomineralization (MIH) and its relation to systemic factors and changes/problems during the prenatal (ie, hypocalcemia and/or diabetes), perinatal (ie, premature birth or prolonged delivery), and/or postnatal periods (ie, antibiotic use and/or nutrition problems). The second result is a 'Molar Incisor Hypomineralization: Etiology, Clinical Aspects, and a Restorative Treatment Case Report' by D Sundfeld, LMS da Silva, OJ Kluppel, GC Santin, RCG de Oliveira, published on 13 February 2020. The abstract discusses severe anemia during early childhood and its relation to systemic factors and changes/problems during the prenatal (ie, hypocalcemia and/or diabetes), perinatal (ie, premature birth or prolonged delivery), and/or postnatal periods (ie, ...). Both results have 'View article' and 'PDF' buttons.

A página do artigo é dividida em duas partes:

1. Título e informações do artigo
2. Ferramentas diversas
3. Visualização do conteúdo

The screenshot shows the article page layout. A red box highlights the article title and authors information (1). A second red box highlights the article's abstract, including the 'Clinical Relevance', 'SUMMARY', and 'INTRODUCTION' sections (3). A third red box highlights the article's metadata, including the journal name, volume, issue, and date, along with a list of navigation tools like 'Split-Screen', 'Views', 'PDF', 'Share', and 'Tools' (2). The page also features a search bar, navigation menu, and sidebar widgets for metrics and email alerts.
