Commitment to Quality

- OA articles are subject to the same rigorous peer review process as non-OA articles
- All OA journals are subject to the same peer review and ethical processes as subscription journals
- Any new OA journals, like any new OUP journal or book, need to be approved by the delegates of the Press.

Jisc

The logo for Jisc is the word 'Jisc' in a bold, orange, sans-serif font.

**universität
wien**

The logo for the University of Vienna consists of the text 'universität wien' in a blue, sans-serif font, with 'universität' on the top line and 'wien' on the bottom line.

Open Access at OUP

Open Access Publishing team

OUP's OA priorities

Further our mission

Fulfil the needs of researchers, readers, and customers

Ensure that access to scholarly research materials is as simple as possible

Protect the long-term sustainability of research publishing for our society publishing partners and our customers

Sustainability for purpose

We are a not for profit, mission-based publisher committed to publishing high quality journals

Over 300 of our journals are published on behalf of learned societies and other organisations

Sustainability for purpose

We are a not for profit, mission-based publisher committed to publishing high quality journals

Over 300 of our journals are published on behalf of learned societies and other organisations

We think that the publishing ecosystem is better for the involvement of University Presses and learned societies and want to ensure we/they can continue to operate

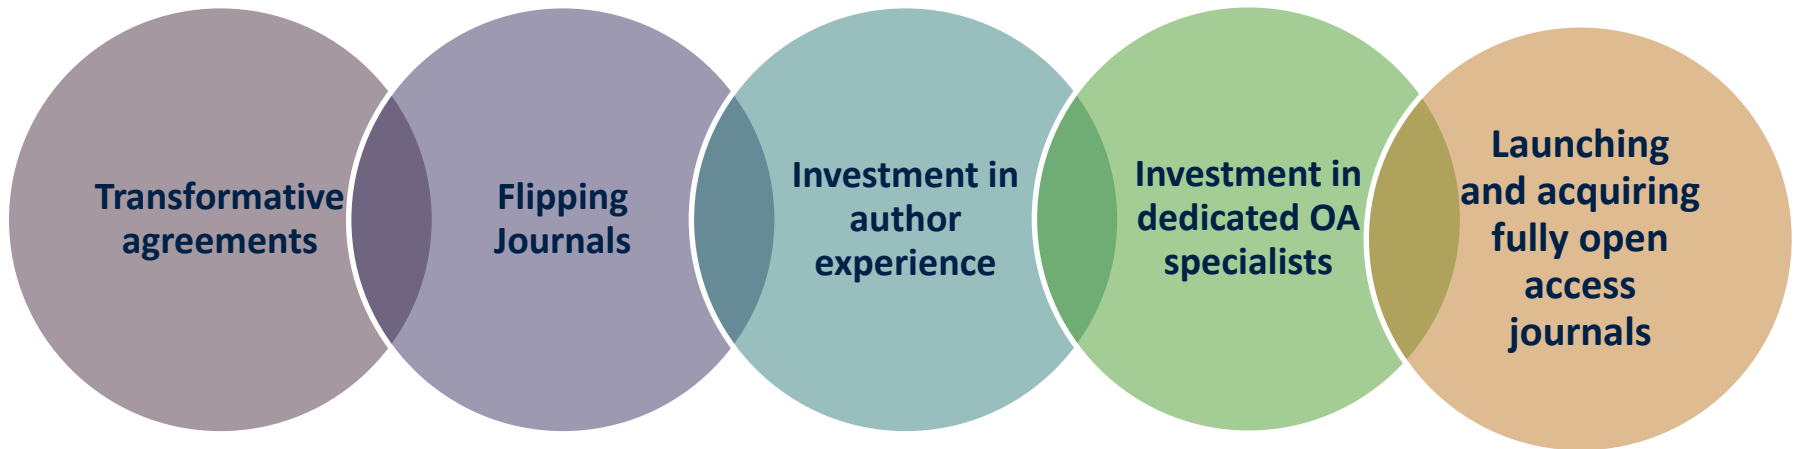

Open Access also needs to be sustainable for our customers

Transformation

OXFORD
UNIVERSITY PRESS

Transformation

OUP Read and Publish agreements

Read and Publish principles

-  Deliver increased OA output
-  Reflect value of high quality journals
-  Be transparent
-  Provide opportunities for authors to comply with funder mandates
-  Be sustainable

Making OA publication simple and easy

For authors and institutions

Varied requirements from R&P customers

Investment in infrastructure

Active review of author journey

New relationships through R&P deals

Investment in dedicated Open Access resource
