

# JAMA Network

- American Medical Association (AMA), fundada em 1847, é a maior associação de médicos e estudantes de medicina nos Estados Unidos, e tem como missão “promover a arte e a ciência da medicina e melhorar a saúde pública”.
- JAMA: The Journal of the American Medical Association é o periódico médico mais divulgado no mundo, publicada pela American Medical Association.

- A JAMA Network® é uma coleção de 12 revistas médicas internacionais revisadas por pares que apresentam o melhor em pesquisas, revisões e comentários em todo o espectro da prática médica e cirúrgica. A missão da JAMA Network é melhorar a saúde pública, fornecendo a informação que mais interessa a profissionais e pesquisadores.

A pagina inicial é dividida em quatro partes:

1. Menu superior de navegação de conteúdo
2. Área de pesquisa básica
3. Menu de navegação central
4. Área de destaque

The screenshot shows the JAMA Network homepage with four numbered annotations:

- 1:** Points to the top navigation menu containing 'JAMA Network' and a search bar.
- 2:** Points to the search bar with the placeholder text 'Enter Search Term'.
- 3:** Points to the central navigation menu with items: 'Home', 'Publications', 'JN Learning / CME', 'Mobile', and 'Subscribe'.
- 4:** Points to the main content area, which includes a 'Coronavirus Resource Center' with a line graph and text about COVID-19 treatments, a 'Featured Content' section with three article cards, and a 'JOB LISTINGS ON JAMA CAREER CENTER' section on the right.

A página de resultados é dividida em três partes:

1. Pesquisa avançada
2. Resultados de pesquisa
3. Filtros de refinamento de pesquisa

The screenshot displays the JAMA Network search interface. At the top, there's a search bar with 'Enter Search Term' and a 'Sign In' button. Below the search bar, it shows '14447 results for 'cardiovascular diseases''. A red box labeled '1' highlights the 'Advanced Search' button. Below that, there's a 'My Saved Searches' section with a 'View / Edit All' button. A red box labeled '2' encompasses the main search results area, which includes a 'Relevance | Newest | Oldest' filter, a 'PDF' icon, and two search results. The first result is from 'JAMA | Viewpoint' dated 'January 16, 2018' with the title 'Fitness or Fatness: Which Is More Important?' by Ann Blair Kennedy, BCTMB, DrPH; Carl J. Lavie, MD; Steven N. Blair, PED. It includes an 'Abstract | Full Text' link and a summary: 'This Viewpoint reviews evidence comparing the relative importance of cardiorespiratory fitness and obesity with all-cause and cardiovascular disease-related mortality, and calls for accurate measures of physical activity and fitness in future studies investigating associations between obesity and mortality.' The second result is from 'JAMA Internal Medicine | January 2, 2018' with the title 'Figure 2: Sensitivity Analysis of Cardiovascular Disease (CVD) Risk With New Use of LABA and LAMA.' It includes a 'PDF' icon and a summary: 'COPD indicates chronic obstructive pulmonary disease, OR, odds ratio; SABAs, short-acting β2-agonists aP < .05. bWe confined analysis to patients who had been tested with spirometry for lung function in the 30 days before or on the date of the new prescription of inhaled long-acting β2-agonists (LABAs) and inhaled antimuscarinic antagonists (LAMAs). cThese analyses were measured in the 30 days before the index date.' A red box labeled '3' highlights the filter sections on the left, including 'Journal' (with options like JAMA (6183), JAMA Internal Medicine (4421), etc.) and 'Collection' (with options like Cardiology (4205), Surgery (1220), etc.).

A página do artigo é dividida em três partes:

1. Informações da publicação, estatísticas do artigo, download do PDF, ferramentas de compartilhamento e citação
2. Navegação na estrutura do artigo, download do PDF, conteúdo suplementar e relacionado
3. Conteúdo do artigo

The screenshot shows the JAMA Network article page for "Association Between Mediterranean Anti-inflammatory Dietary Profile and Severity of Psoriasis Results From the NutriNet-Santé Cohort". Three red boxes highlight specific areas:

- Box 1:** Contains the article title, authors (Céline Phan, MD<sup>1</sup>; Mathilde Touvier, MD, PhD<sup>2</sup>; Emmanuelle Kesse-Guyot, MD, PhD<sup>2</sup>; et al), and publication information (JAMA Dermatol. 2018;154(9):1017-1024. doi:10.1001/jamadermatol.2018.2127).
- Box 2:** Contains the navigation menu (CONTENTS, FIGURES/TABLES, SUPPLEMENTAL CONTENT, REFERENCES, RELATED) and the "Top of Article" list (Key Points, Abstract, Introduction, Methods, Results, Discussion, Conclusions, Article Information, References).
- Box 3:** Contains the "Key Points" section, including the "Question" (Is there an association between the adherence to an anti-inflammatory Mediterranean diet and the onset and/or severity of psoriasis?) and the "Findings" (This prospective, web-based questionnaire study of 35735 respondents from the French NutriNet-Santé cohort, of whom 3557 had psoriasis, found a statistically significant inverse association between adherence to the Mediterranean diet and the onset and/or severity of psoriasis).

- A Dot.Lib é uma empresa brasileira dedicada à disseminação da informação científica através do fornecimento de acesso online a livros digitais, periódicos eletrônicos e bases de dados nas mais diversas áreas do conhecimento.
- Dotlib TV, um canal repleto de vídeos de conteúdos, tutorias e ferramentas que cobrem as mais diversas áreas de conhecimento. Acesse essas e outras informações, aqui, no nosso canal.
