Advanced search

### Quick Search

- Searches against Full Text, Title/Subtitle, Abstract, Author, ISSN, ISBN, and DOI
- Combines multiple terms by default (AND), so results will include all of your terms.
- Can be modified with NOT, OR, and (for exact phrases) ". The operators OR and NOT must be in uppercase; otherwise they will be treated as stop words. Without quotation marks, articles containing all of the search terms somewhere in the article will be listed. For example, searching for "civil war" will find articles containing that exact phrase.

### Wildcards

Use a question mark (?) in a search term to represent any one character and use an asterisk (\*) to represent zero or more characters. For example, searching for Europe\* will find results containing "Europe" and "European". Wildcards cannot be used at the start of a search term or when searching for phrases in
